Joyce,

Here are partial invoices from the work in progress. We are working on supplements, depreciation and other covered items. Have a great 4th! If you need anything, I'm here in town.

Thank you,

Here is the specs on the windows

To: Joyce Dean
Cc: Luis Garcia; 'Doug Kerr'
Subject: FW: Change Orders for approval

Joyce – I am in full agreement with changing out the beam for the \$5100. It would definitely be a lot more to do it later.

For the window changeout, that is optional and I will let Joyce and Lenny have final word on the \$22,220. Changing the windows out for R panels and fiberglass sidelights would definitely reduce maintenance, increase safety and be more hurricane and vandal resistant. The high cost is due to the re-framing that would be required. If funds are not an issue, I recommend to proceed.

Hi Joyce and Kelly,

I have attached two change orders for the FBO for your approval. One change order is per the request of Lenny to replace the East/West windows with Fiberglass light sheets. The other change order is for the beam on the FBO hangar that is rusted beyond use. That beam is what we need to secure the metal sheets to the building.

Thank you,

Subject: RE: Outstanding Invoices - Victoria County
Attachments: Victoria County - Invoice Summary .xlsx

Shawn,

We are working on getting up to speed and are planning to do a review next week and should have more information about a timeframe for the payment.

However, I have a couple of questions that I believe we spoke about in the January meeting. We are showing a difference of \$2,602.40 (Victoria County shows more paid than Virtus) The buildings/payments in question are as follows:

1. 020-014 437 Airplane Hangar (FBO)

The previously invoiced amount shown by Virtus on the invoice is \$106,863.00 which includes the \$79,543.00 the FBO window change order of \$22,220.00 and the FBO Beam Change Order of \$5,100.00

Victoria County shows two payments check #373740 \$57,623.86 on 3/5/18 and check #377832 \$49,240.60 on 8/13/18 for a total of \$106,864.46

Therefore, a difference of \$1.46 with Victoria showing more paid

2. Unsch H&H Door & 025-001 470B Storage Bldg:

Virtus shows a previously invoiced amount of \$11,365.87 for H& H Door. This was one of the buildings demolished, Victoria County does not show a payment for this building.

Victoria County shows a payment in the amount \$13,966.81 check #373740 on 3/5/18 and Virtus reflects no payment on this location.

The difference between these two buildings is \$2,600.94

Can you please take a look at the above items? Would we need to adjust the invoice ??

Also, on 020-001 Airport Terminal there is an amount in the column project value and the amount does not foot to the net invoice due column is this an error or were you not billing for this building at this time??

Thanks,
Becky

Becky,

Good afternoon. I hope all is well.

Attached is the original insurance approved estimate that our invoices were based upon, along with the approved demolition proposals, and approved change orders.

Our work included only the buildings located at the airport and the Criminal Justice Center, as shown on the invoice summary provided back in January. On the Officers Club(006-001), U of H Storage(029-001) and 479 Waco, we billed only for work completed on the roof, mechanical, and the profit and overhead listed for those locations. We have not billed anything yet on the Airport Terminal (020-001) or the change orders highlighted in yellow at the bottom of the invoice summary. Some of those you list in the below email were partial invoices submitted initially and others were the final invoices for the same location once work was completed. If you show two invoices on a location, those added together should equal the total project value for that location. Others were never invoiced upfront and we submitted one, full and final invoice on those.

These attached documents should contain all the information you need. You should have additional payments coming from TAC for the depreciation withheld on all work that has been completed and invoiced. I can assist you and the county with this if needed.

I completely understand that you are trying to get up to speed here. However, I do need to get a date that we can expect payment so I can relay that back to our home office as it is now a couple weeks shy of being 90 days since they were submitted.

Please feel free to contact me with any questions.

Best regards,

Shawn Jernigan

Mr. Garza,

Per our conversation this morning, Victoria County will release \$500,000.00 in funds in regards to the attached statement of invoices. These funds are not to be applied to any particular invoice as the invoices are still being reviewed for each building.

We will continue our review of each building to reconcile the invoices to the work performed.

Please let me know if you would like us to hold this check for pick up on April 22nd or mail it.

Thanks,
Becky

Becky,

I want to express my gratitude for everyone that was in the meeting. I sincerely hope that we can work through the remaining invoices to satisfy all parties. I am available to go look at any building or to meet this week. I am currently not too far working in another county, if anyone needs me this week and part of next week. I am in conversation with my controller this morning and will update you on the methods of delivery today.

Thank you,

Luis Garcia

Subject: Victoria County Invoice - Statement

Mr. Garza,

Per our conversation this morning, Victoria County will release \$500,000.00 in funds in regards to the attached statement of invoices. These funds are not to be applied to any particular invoice as the invoices are still being reviewed for each building.

We will continue our review of each building to reconcile the invoices to the work performed.

Please let me know if you would like us to hold this check for pick up on April 22nd or mail it.

Thanks,
Becky

Luis,

Can you assist with the below questions as we never received a response from Shawn.

Also, we need to get the change orders for the FBO-437 Airplane Hangar ID #020-014 for the windows and the beam.
Also, we need the change order for the Extension Building ID #024-001 for windows.

Thanks,
Becky Smiley

Subject: FW: Outstanding Invoices - Victoria County

Shawn,

We are working on getting up to speed and are planning to do a review next week and should have more information about a timeframe for the payment.

However, I have a couple of questions that I believe we spoke about in the January meeting. We are showing a difference of \$2,602.40 (Victoria County shows more paid than Virtus) The buildings/payments in question are as follows:

1. 020-014 437 Airplane Hangar (FBO)

The previously invoiced amount shown by Virtus on the invoice is \$106,863.00 which includes the \$79,543.00 the FBO window change order of \$22,220.00 and the FBO Beam Change Order of \$5,100.00

Victoria County shows two payments check #373740 \$57,623.86 on 3/5/18 and check #377832 \$49,240.60 on 8/13/18 for a total of \$106,864.46

Therefore, a difference of \$1.46 with Victoria showing more paid

2. Unsch H&H Door & 025-001 470B Storage Bldg:

Virtus shows a previously invoiced amount of \$11,365.87 for H& H Door. This was one of the buildings demolished, Victoria County does not show a payment for this building.

Victoria County shows a payment in the amount \$13,966.81 check #373740 on 3/5/18 and Virtus reflects no payment on this location.

The difference between these two buildings is \$2,600.94

Can you please take a look at the above items? Would we need to adjust the invoice ??

Also, on 020-001 Airport Terminal there is an amount in the column project value and the amount does not foot to the net invoice due column is this an error or were you not billing for this building at this time??

Thanks,
Becky

Becky

Good morning.

Thank you. Any feel for a timeframe? I only ask because I'm getting some pressure from the home office since I updated them that we reviewed these in our meeting around the last week of January.

Thanks again.

Becky,

Good afternoon. I hope you had a good weekend.

I never received a response to the payment status inquiry below. Can you provide me with any update or possibly direct me to someone at the county that could provide status?

Best regards,

Becky,

I wasn't sure if you had this version that was approved with a discount off the total amount. I am researching the H&H billing but wanted to pass this along.

Luis,

I was checking in to see if you had a chance to find any documentation for the difference between the invoiced amount and the document provided as detail for the invoices?

We are waiting for this information before we can schedule a follow up meeting.

Thanks,
Becky

Subject: RE: Invoice Detail

Becky,

Good afternoon. I hope all is well.

Attached is the original insurance approved estimate that our invoices were based upon, along with the approved demolition proposals, and approved change orders.

Our work included only the buildings located at the airport and the Criminal Justice Center, as shown on the invoice summary provided back in January. On the Officers Club(006-001), U of H Storage(029-001) and 479 Waco, we billed only for work completed on the roof, mechanical, and the profit and overhead listed for those locations. We have not billed anything yet on the Airport Terminal (020-001) or the change orders highlighted in yellow at the bottom of the invoice summary. Some of those you list in the below email were partial invoices submitted initially and others were the final invoices for the same location once work was completed. If you show two invoices on a location, those added

together should equal the total project value for that location. Others were never invoiced upfront and we submitted one, full and final invoice on those.

These attached documents should contain all the information you need. You should have additional payments coming from TAC for the depreciation withheld on all work that has been completed and invoiced. I can assist you and the county with this if needed.

I completely understand that you are trying to get up to speed here. However, I do need to get a date that we can expect payment so I can relay that back to our home office as it is now a couple weeks shy of being 90 days since they were submitted.

Please feel free to contact me with any questions.

Best regards,

Shawn Jernigan
